Private Loan Lender List

The following lenders are participating lenders for private (alternative) loans. Loan amounts are determined by the cost of attendance minus financial aid. Private loans are based on the applicant's credit-worthiness. Loan lenders were chosen due to the benefits provided to students, willingness to serve our students, offer highly competitive rates, and do not charge students for origination and disbursement fees. Lender benefits, interest rates, and incentives can change without notice. The loan lender will send out application and solicitation disclosure statements and self-certification statements to the loan recipient. The loan recipient must approve and return all items to the loan lender before loans receive final approval for disbursement to the school. Students or parents may select a loan lender not listed. ***Graduate Students—Select the Graduate Loan option and Graduate or Master's Program certification dates of your chosen loan lender's website. COMPLETION OF A MASTER PROMISSORY NOTE AT THE LENDER'S WEBSITE IS REQUIRED PRIOR TO LOAN CERTIFICATION.
